Re: "Tar" and Nicotine Guidelines

Gentlemen:

On June 11, 1971, we circulated to each of you the "final version" of the "tar" and nicotine guidelines.

Since that time we have heard from seven companies who advised that they had no further comments or suggestions concerning the draft circulated. No comments have been received from Stephano and U. S. Tobacco.

Sincerely yours,

*H. J. Austen*
